

## Discover the Catalyst Cloud

### Join us for our Christchurch Cloud Breakfast

**When:** Wednesday 18 November 7:30 – 8:45am

The Catalyst Cloud is New Zealand's first fully automated and API driven public cloud solution. The Cloud Breakfast will be an opportunity to see the Catalyst Cloud in action and hear first hand from people who are already using it.

#### ABOUT THE SPEAKERS

**Stephen Judd** has been working in IT for over 20 years, starting on the help desk and moving outwards and upwards from there. Now Catalyst's GM in Christchurch, Stephen will give you an overview and outline the roadmap of Catalyst's new cloud services.

**Bruno Lago** is a solutions architect passionate about the usage of open source software in the private and public sectors. His background and expertise on cloud computing helped Catalyst to develop and implement the first cloud in New Zealand that delivers the five essential characteristics of cloud computing according to NIST.

**Alex Lawn** is the head of operations for Catalyst Australia, using his background he has built a software as a service delivery platform on the Catalyst cloud. Alex will give a demonstration showing how easy it is to create, update and maintain a CMS or LMS using this new tool.

**Seats are limited, so please RSVP by Wednesday 28 October.**

(NB: At this stage we are only able to accept two people from each organisation, but if there is someone additional you would like to attend, please let us know and we will endeavour to fit them in).

If you have any queries, or would like more information about the event or the Catalyst Cloud, contact [events@catalyst.net.nz](mailto:events@catalyst.net.nz)
