## Getting started with the Catalyst Cloud

### Course details

Duration: 1 day

Cost: \$760 (ex gst)

To register email: [training@catalyst.net.nz](mailto:training@catalyst.net.nz)

### About the course

Get started with New Zealand's only public cloud, the Catalyst Cloud.

This course will teach you the skills you need to get your own instance up and running, and get you familiar with the documentation. Attendees don't need to have any prior experience with OpenStack or cloud orchestration.

### Course outline

This course covers the following topics

- What is the Cloud
- OpenStack overview
- Tools, clients and credentials
- First Instance using the dashboard
- First Instance using the command line
- First Instance using Ansible
- First Instance using Heat
- First Instance using a Python SDK

Note: These are the topics normally covered but might alter slightly depending on the needs of the trainees.

### Target audience

This course is for Developers, Sysadmins and anyone comfortable using the command line.

### Prerequisites

- Attendees must be comfortable using the command line.
- No prior knowledge using OpenStack or the cloud is assumed.
